

Privacy Rights of Students and Parents

All information gathered about your child by the public schools is subject to the confidentiality provisions contained in federal and state laws. The District has policies and procedures in effect governing the collection, maintenance, destruction and disclosure of third party information. Benton Area School District protects the confidentiality of students records. Educational records and personally identifiable information cannot be released without written parental consent or, if the student is over the age of 18, the consent of the student.
